

Core Facility Center Cloud Drive

Application Form

APPLICANT PROFILE. I have read and will comply with the following regulations.

NAME:		DATE:	
DEPARTMENT:		TEL. NUMBER:	
EMAIL:		SIGNATURE:	

APPLICATION PROCEDURE:

1. Please fill core facility center cloud drive Application Form.
2. Core facility center will under review.
3. Core facility center cloud drive system will send login information by E-mail.
4. Please enter the system to change your password.

PLEASE FOLLOW THESE RULES:

1. The accounts in this system are organized by laboratories. Please do not apply for multiple accounts within the same laboratory.
2. The storage limit for a single account is 20GB. If you require additional capacity due to large instrument data, please contact the staff for an assessment and activation.
3. The primary function of this system is to facilitate the transfer of instrument data and is not intended for data backup or other personal purposes. The requesting unit is responsible for maintaining and backing up their data, and the CFC is not liable for any data loss.
4. CFC will periodically delete cloud data to maximize space utilization. The scheduled deletion date will be announced on the center's website seven days in advance. The requesting units may cooperate without objection.
5. CFC shall not be liable for any direct or indirect losses arising from the occurrence of unauthorized access, sabotage, or unauthorized retrieval of data by third parties via the internet, affecting the systems of the requesting units. CFC is not responsible for compensation or repairs.
6. If CFC needs to temporarily or permanently suspend or terminate all or part of the cloud system services due to environmental changes or service requirements related to network security, a notice will be posted on the CFC's website seven days in advance of the scheduled suspension or termination. The requesting units may cooperate without objection.
7. Starting from the date of departure of faculty and staff, the cloud system account and data will be deleted after one month. Please make sure to backup any relevant data in advance.
